

GREETINGS FROM THE BEACH !!!

COMPLETING OUR 76TH SEASON!!!

Wow! It's hard to believe our 2009 season is complete. It seems like yesterday that it began. With the economic uncertainties of last fall, we weren't sure of what the results of the season would be.

Keeping in mind that our family started this business as a result of the "great depression", combined with our belief in God and each other, we were ready for what was to be.

A MAGIC PLACE!!!

In the process of sharing this "magical place" it has always been our goal and desire to answer the needs and wants of those who plan the events along with the guests that attend, offering good food and fun, in an incredible atmosphere, at an affordable price, hoping to never become stale or complacent. We clearly stand behind all of the traditions of Kurtz's, but more than ever before, the 2009 season caused us to also "think outside of the box", creating various new alternatives and possibilities to an already successful program. This allowed us to serve well over 21,000 friends through our gates in 2009.

A SIMPLE THANK YOU!!!

We are profoundly thankful to all of the companies, organizations, families and individuals who allowed us to be a part of their special event this past year. We are prayerful that if you were not able to be with us this past year, next year will bring you back to us.

CURRENT TRENDS – PLANNING FOR 2010

It is our hope to once again play a part in your upcoming special event. We welcome considering the possibilities of how we can best serve our existing customers along with introducing ourselves and this magic place to future generations.

By being open to all of the possibilities, combined with our solid commitment of excellence to both our customers and our community, we feel that 2010 could be our best season yet.

So before the rush of the Holidays and the chill of winter, cloud your memories of warm weather fun at Kurtz's. Please be in contact with us to schedule your event for the 2010 season!

Our Sincerest Thanks,

The Kurtz's Beach Family
